Dear CT PHC Testimony,

Dear Senator Gerratana, Representative Johnson, and esteemed members of the Public Health Committee:

I write to ask you to strongly support and vote in the affirmative to add bill language for the modernization of the CT Naturopathic physician scope of practice to HB 5537. The language needs to be attached to this bill so it can come before the Public Health Committee for consideration. This Naturopathic scope of practice law is 90 years old and has not kept pace with the significant advances in education and training of Naturopathic doctors in the ensuing decades.

I found Dr. Gazzi to be very helpful to me and to my husband. He got me through the most difficult time of my life & is still helping me with all of the right supplements that myself and my husband need. He is sincere, honest and has always been right. Please take all this into consideration since it is of such importance. Thank you.

Thank you for your support and consideration.

Sincerely,
Teres Boniello
